OBJECTIVE

Over 10 years of production sound mixing experience but always learning and innovating. Most sound guys don't even try to get studio quality sound on set by using prosumer lavs (Sennheisers, Cos11s), not focusing on planting mics or double coverage. I strive to make the post guys happy because I used to be one. I love creative problem solving and especially love the challenge reality shows brings!

RECENT WORK

January 2023

Lead Sound Mixer – Winter X Games Preshow 2023 (ESPN+)

Panel of 4 people, and on location voice over work

September 2022 – March 2023

Sound Supervisor – Burning Men Doc Reality (Apple TV+)
